## To the Minister for Primary Industries and Regional Development – McLaren Vale Wine Industry Fund

### Qualified opinion

I have audited the financial report of the Minister for Primary Industries and Regional Development – McLaren Vale Wine Industry Fund (the fund) for the financial year ended 30 June 2020.

In my opinion, except for the effects of the possible matter described in the 'Basis for qualified opinion' section of my report, the accompanying financial report gives a true and fair view of the financial position of the Minister for Primary Industries and Regional Development – McLaren Vale Wine Industry Fund as at 30 June 2020, its financial performance and its cash flows for the year then ended in accordance with relevant Treasurer's Instructions issued under the provisions of the *Public Finance and Audit Act 1987* and Australian Accounting Standards.

The financial report comprises:

- a Statement of Comprehensive Income for the year ended 30 June 2020
- a Statement of Financial Position as at 30 June 2020
- a Statement of Changes in Equity for the year ended 30 June 2020
- a Statement of Cash Flows for the year ended 30 June 2020
- notes, comprising significant accounting policies and other explanatory information
- a Certificate from the Chief Executive, Department of Primary Industries and Regions (the Chief Executive), signed for and on behalf of the Minister for Primary Industries and Regional Development (the Minister) and the Acting Chief Financial Officer, Department of Primary Industries and Regions.

### Basis for qualified opinion

As referred to in note 2.1 to the financial statements, pursuant to regulation 5 of the Primary Industry Funding Schemes (McLaren Vale Wine Industry Fund) Regulations 2017, under the *Primary Industry Funding Schemes Act 1998*, contributions are required to be paid into the fund for each tonne of McLaren Vale grapes delivered to a McLaren Vale winemaker. While there are adequate internal controls over contributions actually received, there are no

procedures in place to ensure the contributions received represent the actual tonnage delivered. Consequently, I am unable to express an opinion on whether income recognised as contributions from industry of \$540 306 (\$614 066) is complete.

I conducted the audit in accordance with the *Public Finance and Audit Act 1987* and Australian Auditing Standards. My responsibilities under those standards are further described in the 'Auditor's responsibilities for the audit of the financial report' section of my report. I am independent of the Minister and the Department of Primary Industries and Regions which administers the fund on the Minister's behalf. The *Public Finance and Audit Act 1987* establishes the independence of the Auditor-General. In conducting the audit, the relevant ethical requirements of *APES 110 Code of Ethics for Professional Accountants (including Independence Standards)* have been met.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my qualified opinion.

### **Responsibilities of the Minister and the Chief Executive for the financial report**

The Chief Executive is responsible for the preparation of the financial report that gives a true and fair view in accordance with relevant Treasurer's Instructions issued under the provisions of the *Public Finance and Audit Act 1987* and Australian Accounting Standards, and for such internal control as the Chief Executive determines is necessary to enable the preparation of the financial report that gives a true and fair view and that is free from material misstatement, whether due to fraud or error.

The Minister is responsible for overseeing the entity's financial reporting process.

### **Auditor's responsibilities for the audit of the financial report**

As required by section 31(1)(b) of the *Public Finance and Audit Act 1987*, I have audited the financial report of the Minister for Primary Industries and Regional Development – McLaren Vale Wine Industry Fund for the financial year ended 30 June 2020.

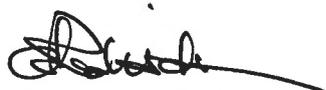

My objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with Australian Auditing Standards, I exercise professional judgement and maintain professional scepticism throughout the audit. I also:

- identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control
- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Chief Executive
- evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

My report refers only to the financial report described above and does not provide assurance over the integrity of electronic publication by the entity on any website nor does it provide an opinion on other information which may have been hyperlinked to/from the report.

I communicate with the Chief Executive and the Minister about, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during the audit.

## **1. About the McLaren Vale Wine Industry Fund**

The McLaren Vale Wine Industry Fund (the Fund) is established pursuant to the *Primary Industry Funding Schemes (McLaren Vale Wine Industry Fund) Regulations 2017* (Regulations), administered by the Minister for Primary Industries and Regional Development and is controlled by the Crown. The Department of Primary Industries and Regions (PIRSA) provides administrative support services to the Fund.

### **1.1. Basis of preparation**

The financial statements are general purpose financial statements prepared in compliance with:

- section 23 of the *Public Finance and Audit Act 1987*;
- Treasurer's Instructions and Accounting Policy Statements issued by the Treasurer under the *Public Finance and Audit Act 1987*; and
- relevant Australian Accounting Standards with reduced disclosure requirements.

For the 2019-20 financial statements the Fund adopted AASB 15 – *Revenue from Contracts with Customers* and AASB 1058 – *Income of Not-for-Profit Entities*. Further information is provided in note 7.

The financial statements are prepared based on a 12 month reporting period and presented in Australian currency. The historical cost convention is used unless a different measurement basis is specifically disclosed in the note associated with the item measured.

Assets and liabilities that are to be sold, consumed or realised as part of the normal operating cycle have been classified as current assets or current liabilities. All other assets and liabilities are classified as non-current.

The Fund has applied Australian Accounting Standards that are applicable to not-for-profit entities, as the Fund is a not-for-profit entity.

The Fund is not subject to Income Tax. The Fund is liable for Goods and Services Tax (GST). GST collections and payments are carried out by PIRSA on behalf of the Fund. GST in relation to the Fund is reported in the PIRSA Controlled Financial Statements.

### **1.2. Objectives of the Fund**

The Fund was established by Regulations under the *Primary Industry Funding Schemes Act 1998* on 5 June 2003. These Regulations were revoked on 12 December 2017. New Regulations *Primary Industry Funding Schemes (McLaren Vale Wine Industry Fund) Regulations 2017* were issued on 12 December 2017 with minimal changes.

The primary purposes of the Fund are to:

- promote the McLaren Vale wine industry
- undertake research and development and improve practices in the industry
- encourage communication and cooperation between participants in the McLaren Vale wine industry.

### **1.3. Impact of COVID-19 pandemic on the Fund**

The COVID-19 pandemic has not had a material impact on the operations of the Fund in 2019-20, except the Fund received support as disclosed in note 2.2.

**2. Income**

**2.1. Contributions from industry**

Contributions payable to the Minister for payment into the Fund are made pursuant to Regulation 5.

Contributions are recognised as an asset and income when the Fund obtains control of the contributions or obtains the right to receive the contributions and the income recognition criteria are met (that is, the amount can be reliably measured and the flow of resources is probable).

**2.2. Resources received free of charge**

	2020	2019
	\$	\$
Resources received free of charge	8 381	-
<b>Total resources received free of charge</b>	<b>8 381</b>	<b>-</b>

The cost of PIRSA's administration services were not charged to the Fund in 2019-20 to reflect government support for the financial hardship being experienced by the wine sector mainly in relation to drought and bushfire impacts as well as COVID-19 restrictions. Resources received free of charge are recorded at their fair value.

**3. Board, committees and employees**

**3.1. Key management personnel**

Key management personnel of the Fund includes the Minister for Primary Industries and Regional Development who has responsibility for the strategic direction and management of the Fund.

The Minister's remuneration and allowances are set by the *Parliamentary Remuneration Act 1990* and the Remuneration Tribunal of SA respectively and are payable from the Consolidated Account (via Department of Treasury and Finance) under section 6 of the *Parliamentary Remuneration Act 1990*.

**Transactions with key management personnel and other related parties**

There were no transactions with key management personnel and other related parties entered into by the Fund.

Regulations provide that the Fund may be applied for a number of specific purposes and that payments from the Fund may be made to an industry body established to represent its membership. The amounts transferred enable projects and activities to be delivered by the industry to meet its management plan.

For transfers payable, the payments will be recognised as a liability and expense when the Fund has a present obligation to pay the transfer and the expense recognition criteria are met.

All payments from the Fund are made in accordance with the Fund's Regulations and the management plan developed in consultation with the industry.

Goods and services provided and unpaid at the end of the reporting period are recognised as other payables.

All payables are measured at their nominal amount, are unsecured and are normally settled within 30 days from the date of the invoice or date the invoice is first received.

**7. Changes in accounting policy**

**7.1. AASB 15 Revenue from Contracts with Customers**

AASB 15 *Revenue from Contracts with Customers* establishes a revenue recognition model for revenue arising from contracts with customers. It requires that revenue be recognised at an amount that reflects the consideration to which an entity expects to be entitled in exchange for transferring goods or services to a customer.

AASB 15 supersedes AASB 111 *Construction contracts*, AASB 118 *Revenue* and related Interpretations and applies to all revenue arising from contracts with customers.

AASB 15 *Revenue from Contracts with Customers* requirements are effective for annual reporting periods beginning on or after 1 January 2019.

**Impact on retained earnings**

The Fund does not have any contract with customers to be recognised under AASB 15, therefore there is no impact on retained earnings.

**Minister for Primary Industries and Regional Development - McLaren Vale Wine Industry Fund**  
**Notes to and forming part of the financial statements**  
*for the year ended 30 June 2020*

---

**7.2. AASB 1058 Income of Not-for-Profit Entities**

AASB 1058 *Income of Not-for-Profit Entities* establishes new income recognition requirements for not-for-profit entities. Its requirements apply where the consideration to acquire an asset, including cash, is significantly less than fair value principally to the entity to further its objectives. AASB 1058 also contains requirements for the receipt of volunteer services. AASB 1058 supersedes income recognition requirements in AASB 1004 *Contributions*, AASB 118 *Revenue* and AASB 111 *Construction Contracts*. However, elements of AASB 1004 remain in place, primarily in relation to restructures of administrative arrangements and other contributions and distributions by owners

By adopting AASB 1058, the Fund recognises contributions as revenue when information becomes available to the Fund regarding contributions due for the prescribed period. The corresponding asset is a statutory receivable under AASB 9.

Previously the fund recognised revenue when contributions were received.

***Impact on retained earnings***

The total impact on the Fund's retained earnings as at 1 July 2019 is as follows

	<u>\$</u>
<b>Closing retained earnings 30 June 2019</b>	<b>306 489</b>
<b><u>Assets</u></b>	
Receivables – Contributions from Industry	268 464
<b>Opening retained earnings 1 July 2019</b>	<b><u>574 953</u></b>

**Accounting policies on transition**

The Fund has adopted AASB 1058 on 1 July 2019. The *Treasurer's Instructions (Accounting Policy Statements)* require certain choices in those transitional provisions to be taken. The Fund has on transition recognised the cumulative effect of initially applying AASB 1058 as an adjustment to the opening balance of retained earnings as at 1 July 2019. As a result, comparative information has not been restated.

**8. Outlook**

**8.1. Contingent liabilities**

*Refunds of contributions*

Under Regulation 5(8) refunds of contributions paid in respect of McLaren Vale grapes delivered during a prescribed period may be claimed by notice in writing to the Minister within the 12 months following that prescribed period.

At the reporting date the possible emergence of valid refund requests within the 12 months following the prescribed period is present. However, as uncertainty exists as to the number of refund requests that will be received, and their timing and amount, these potential obligations cannot be reliably estimated and therefore represent a contingent liability for the Fund.

Once a valid refund request has been received from a past contributor and it is approved by the Minister or delegate, a present obligation to pay the refund arises. The refund amount is then recognised as a liability and expense of the Fund.

**8.2. COVID-19 pandemic outlook for the Fund**

The COVID-19 pandemic is not expected to have a material impact on the operations of the Fund in 2020-21.

**8.3. Events after the reporting period**

No events have occurred after balance date that would affect the financial statements of the Fund as at 30 June 2020.

**9. Measurement and risk**

**9.1. Financial instruments**

**Liquidity risk**

The Fund's revenue comes from contributions received from industry members at rates prescribed in the Regulations for the Fund. All payments from the Fund are made in accordance with the Fund's Regulations and the management plan developed in consultation with the industry.

The continued existence of the Fund in its present form, and with its present programs, is dependent on State Government policy and the industry's on-going support for the Fund.
