To the Chair State Planning Commission

Opinion

I have audited the financial report of the State Planning Commission for the financial year ended 30 June 2020.

In my opinion, the accompanying financial report gives a true and fair view of the financial position of the State Planning Commission as at 30 June 2020, its financial performance and its cash flows for the year then ended in accordance with relevant Treasurer's Instructions issued under the provisions of the *Public Finance and Audit Act 1987* and Australian Accounting Standards.

The financial report comprises:

- a Statement of Comprehensive Income for the year ended 30 June 2020
- a Statement of Financial Position as at 30 June 2020
- a Statement of Changes in Equity for the year ended 30 June 2020
- notes, comprising significant accounting policies and other explanatory information
- a Certificate from the Chair, State Planning Commission and the Executive Director Planning and Land Use Services, Department for Infrastructure and Transport.

Basis for opinion

I conducted the audit in accordance with the *Public Finance and Audit Act 1987* and Australian Auditing Standards. My responsibilities under those standards are further described in the 'Auditor's responsibilities for the audit of the financial report' section of my report. I am independent of State Planning Commission. The *Public Finance and Audit Act 1987* establishes the independence of the Auditor-General. In conducting the audit, the relevant ethical requirements of APES 110 *Code of Ethics for Professional Accountants* (including Independence Standards) have been met.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Responsibilities of the State Planning Commission for the financial report

The State Planning Commission is responsible for the preparation of the financial report that gives a true and fair view in accordance with relevant Treasurer's Instructions issued under the provisions of the *Public Finance and Audit Act 1987* and the Australian Accounting Standards, and for such internal control as management determines is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's responsibilities for the audit of the financial report

As required by section 31(1)(b) of the *Public Finance and Audit Act 1987*, I have audited the financial report of the State Planning Commission for the financial year ended 30 June 2020.

My objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with Australian Auditing Standards, I exercise professional judgement and maintain professional scepticism throughout the audit. I also:

- identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the State Planning Commission's internal control
- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the State Planning Commission
- evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

My report refers only to the financial report described above and does not provide assurance over the integrity of electronic publication by the entity on any website nor does it provide an opinion on other information which may have been hyperlinked to/from the report.

I communicate with the State Planning Commission about, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during the audit.

State Planning Commission
Notes to and forming part of the financial statements
for the year ended 30 June 2020

Note 1: Basis of Financial Statements

1.1. Reporting Entity

The State Planning Commission (the Commission) was established pursuant to the *Planning, Development and Infrastructure Act 2016* (the Act). The Commission is the State's principal planning advisory and development assessment body established under the Act.

The Commission does not control any other entity and has no interest in unconsolidated structured entities.

1.2. Financial Arrangements

The financial activities of the Commission are supported by the Department of Planning Transport and Infrastructure (the Department). The Commission is accountable to the Minister for Planning for the administration of the Act and to further the Act's objects and principles. The Department of Planning, Transport and Infrastructure administers the South Australian Planning and Development System, leading and presenting South Australia's strategic land use and development planning, and assessing applications for land use and development.

The Commission receives no State budget and the only income received by the Commission are the services provided free of charge by the Department.

1.3. Statement of compliance

The financial statements of the Commission have been prepared in compliance with section 23 of the *Public Finance and Audit Act 1987*.

The financial statements are general purpose financial statements. The accounts have been prepared in accordance with relevant Australian Accounting Standards (Reduced Disclosure Requirements), and comply with Treasurer's Instructions and Accounting Policy Statements promulgated under the provisions of the *Public Finance and Audit Act 1987*.

The Commission has applied Australian Accounting Standards that are applicable to not-for-profit entities, as the Commission is a not-for-profit entity. Australian Accounting Standards and Interpretations that have recently been issued or amended but are not yet effective, have not been adopted by the Commission for the period ending 30 June 2020.

1.4. Basis of preparation

The financial statements have been prepared based on a twelve month period and presented in Australian currency. The historical cost convention is used unless a different measurement basis is specifically disclosed in the notes.

All amounts in the financial statements and accompanying notes have been rounded to the nearest thousand dollars (\$'000).

Assets and liabilities that will be sold, consumed or realised as part of the normal operating cycle are classified as current assets or current liabilities, all other assets and liabilities are classified as non-current.

Treasurer's Instructions (Accounting Policy Statements) issued on 1 June 2020 removed the previous requirement for financial statements to be prepared using the net cost of services format.

The presentation of the Statement of Comprehensive Income on an 'income and expense' basis allows financial information to be presented in such a way that eliminates potential confusion as to the source of funding for the Commission.

Notes to and forming part of the financial statements
for the year ended 30 June 2020

1.5. Taxation

The Commission is not subject to income tax. The Commission is liable for payroll tax, fringe benefits tax and goods and services tax (GST).

The net amount of the GST receivable/payable to the ATO is not recognised as a receivable/payable in the Statement of Financial Position as the Commission is a member of an approved GST group of which the Department of Planning, Transport and Infrastructure is responsible for the remittance and collection of GST.

Note 2: Objectives of the State Planning Commission

The Commission is responsible for making recommendations to the Minister for Planning on the administration of the *Planning, Development and Infrastructure Act 2016*. The Commission guides decision making of State and Local Government and community and business organisations with respect to planning, development and infrastructure provisions in South Australia.
