To the Chief Executive Office of the Commissioner for Public Sector Employment

Opinion

I have audited the financial report of the Office of the Commissioner for Public Sector Employment for the financial year ended 30 June 2022.

In my opinion, the accompanying financial report gives a true and fair view of the financial position of the Office of the Commissioner for Public Sector Employment as at 30 June 2022, its financial performance and its cash flows for the year then ended in accordance with relevant Treasurer's Instructions issued under the provisions of the *Public Finance and Audit Act 1987* and Australian Accounting Standards – Simplified Reporting Requirements.

The financial report comprises:

- a Statement of Comprehensive Income for the year ended 30 June 2022
- a Statement of Financial Position as at 30 June 2022
- a Statement of Changes in Equity for the year ended 30 June 2022
- a Statement of Cash Flows for the year ended 30 June 2022
- notes, comprising material accounting policies and other explanatory information
- a Certificate from the Chief Executive of the Office of the Commissioner for Public Sector Employment and the Acting Director, Financial Services, Organisation and Governance of the Department of Treasury and Finance.

Basis for opinion

I conducted the audit in accordance with the *Public Finance and Audit Act 1987* and Australian Auditing Standards. My responsibilities under those standards are further described in the 'Auditor's responsibilities for the audit of the financial report' section of my report. I am independent of the Office of the Commissioner for Public Sector Employment. The *Public Finance and Audit Act 1987* establishes the independence of the Auditor-General. In conducting the audit, the relevant ethical requirements of APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* have been met.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Responsibilities of the Chief Executive for the financial report

The Chief Executive is responsible for the preparation of the financial report that gives a true and fair view in accordance with relevant Treasurer's Instructions issued under the provisions of the *Public Finance and Audit Act 1987* and the Australian Accounting Standards – Simplified Reporting Requirements, and for such internal control as management determines is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the Chief Executive is responsible for assessing the entity's ability to continue as a going concern, taking into account any policy or funding decisions the government has made which affect the continued existence of the entity. The Chief Executive is also responsible for disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the assessment indicates that it is not appropriate.

Auditor's responsibilities for the audit of the financial report

As required by section 31(1)(b) of the *Public Finance and Audit Act 1987*, I have audited the financial report of the Office of the Commissioner for Public Sector Employment for the financial year ended 30 June 2022.

My objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with Australian Auditing Standards, I exercise professional judgement and maintain professional scepticism throughout the audit. I also:

- identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Office of the Commissioner for Public Sector Employment's internal control

- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Chief Executive
- conclude on the appropriateness of the Chief Executive's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify the opinion. My conclusion is based on the audit evidence obtained up to the date of the auditor's report. However, future events or conditions may cause an entity to cease to continue as a going concern
- evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

My report refers only to the financial report described above and does not provide assurance over the integrity of electronic publication by the entity on any website nor does it provide an opinion on other information which may have been hyperlinked to/from the report.

I communicate with Chief Executive about, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during the audit.

OFFICE OF THE COMMISSIONER FOR PUBLIC SECTOR EMPLOYMENT

Notes to and forming part of the financial statements

for the year ended 30 June 2022

1. About the Office of the Commissioner for Public Sector Employment

The Office of the Commissioner for Public Sector Employment (OCPSE) works to unlock the potential of the public sector so it is an employer of choice that delivers the best outcomes for the South Australian community. Its role is to optimise the workforce, transform, innovate and reform.

The OCPSE was established pursuant to the *Public Sector Act 2009* as an attached office to the Department of Treasury and Finance up to 23 March 2022. It became an attached office of the Attorney-General's Department post 24 March 2022.

The OCPSE is a not-for-profit administrative unit acting on behalf of the Crown. It does not control any other entity and has no interests in unconsolidated structured entities.

The financial statements and accompanying notes include all the controlled activities of OCPSE.

1.1. Basis of preparation

The financial statements are general purpose financial statements prepared in compliance with:

- section 23 of the *Public Finance and Audit Act 1987*;
- Treasurer's Instructions and accounting policy statements issued by the Treasurer under the *Public Finance and Audit Act 1987*; and
- relevant Australian Accounting Standards applying simplified disclosures.

These are the first suite of financial statements prepared in accordance with Australian Standards – Simplified Disclosures. In the prior year, the financial statements were prepared in accordance with Australian Accounting Standards – Reduced Disclosure Requirements. There has been no impact on the recognition and measurement of amounts recognised in the statements of financial position, profit and loss and other comprehensive income and cash flows of the Office of the Commissioner for Public Sector Employment as a result of the change in the basis of preparation.

The financial statements have been prepared based on a twelve month reporting period and presented in Australian currency. All amounts in the financial statements and accompanying notes have been rounded to the nearest thousand dollars (\$'000). The historical cost convention is used unless a different measurement basis is specifically disclosed in the note associated with the item measured.

Assets and liabilities that are sold, consumed or realised as part of the normal operating cycle have been classified as current assets or current liabilities. All other assets and liabilities are classified as non-current.

Material accounting policies are described throughout the notes.

Income, expenses and assets are recognised net of the amount of GST except:

- when the GST incurred on a purchase of goods or services is not recoverable from the Australian Taxation Office (ATO), in which case the GST is recognised as part of the cost of acquisition of the asset or as part of the expense item applicable; and
- receivables and payables, which are stated with the amount of GST included.

1.2. Objectives and programs

OCPSE's objectives are to support the Commissioner for Public Sector Employment to undertake the statutory responsibilities under the *Public Sector Act 2009*, strengthen the capability of the public sector workforce to meet current and future needs and promote a culture of service and integrity across the public sector.

OCPSE provides the following programs for the South Australian Public Sector:

- Governance and advice – to support the Commissioner to fulfil the statutory requirements outlined in *the Public Sector Act 2009*
- HR Systems Transformation – to support the implementation of a HR systems capability to improve the efficiency and effectiveness of all employees across the SA Government
- Work, Health, Safety and Injury Management – to develop strategies to support agencies to achieve Work Health and Safety and Injury Management excellence across the sector
- South Australian Leadership Academy – to develop high performing and strategic leaders across the SA Government
- Performance management and development – to improve public sector performance through effective performance management and development
- Workforce Transition Unit – to provide case management services for SA Government employees impacted by reforms taking place across the Sector
- Employment Programs – to increase the employment opportunities across the sector for graduates, trainees, people from an Aboriginal or Torres Strait Islander background, and people with disabilities
- I WORK FOR SA – Your Voice Survey – to obtain and act on SA Government employees' feedback in relation to their work environment
- Employer Of Choice Program – to facilitate access to the salary sacrifice benefits available to all SA Government employees associated with current Commonwealth Legislation.

Other fees and charges	955	646
Total fees and charges	7 739	6 342

OCPSE recognises revenue at an appropriate point in time throughout the financial year from the following major sources:

SA Leadership Academy – Public sector agencies pay in arrears for nominated staff to attend leadership development courses. Revenue for these services is recognised on a cost recovery basis. Any amounts remaining unpaid at the end of the reporting period are treated as accounts receivable.

Work Health & Safety and Injury Management Performance – OCPSE monitors the overall public sector performance across a range of industry relevant metrics to improve the overall performance of the sector in how it manages both Work Health & Safety and Injury Management. Revenue for these services are recognised on a cost recovery basis with public sector agencies paying in arrears. Any amounts remaining unpaid at the end of the reporting period are treated as accounts receivable.

Injury management systems and services – OCPSE provides injury management systems and services for the SA Public Sector. Revenue for these systems and services are recognised on a cost recovery basis with public sector agencies paying in arrears. Any amounts remaining unpaid at the end of the reporting period are treated as accounts receivable. In 2021-22 OCPSE implemented (and supports) GOVSAfety a new intuitive and user-friendly work health safety system, across the sector which, will eventually replace the ageing Self Insurance Management System (SIMS). GOVSAfety allows staff / management to lodge, investigate, and review hazard, incident, and injury events easily and efficiently. The system is also used for reporting events.

MyCareer – OCPSE is designing, implementing and supporting a new end-to-end Human Capital Management platform comprising Recruitment, Learning Management (LMS), Performance Management (PMS) and Talent management system functionality, across selected agencies in the sector. This project is being run in collaboration with the invested agencies.

Services received free of charge - Department of Treasury and Finance	126	87
Total resources received free of charge	126	87

Contribution of services are recognised only when a fair value can be determined reliably and the services would be purchased if they had not been donated.

OCPSE receives Financial Accounting, Taxation, Payroll, Accounts Payable and Accounts Receivable services from Shared Services SA.

3. Board, committees and employees

3.1. Key management personnel

Key management personnel of the OCPSE include the Treasurer, the Commissioner and two Executive members who have responsibility for the strategic direction and management of the OCPSE.

The total compensation for key management personnel was \$1.079 million in 2022 (2021: \$1.068 million).

The compensation disclosed in this note excludes salaries and other benefits the Treasurer receives. The Treasurer's remuneration and allowances are set by the *Parliamentary Remuneration Act 1990* and the Remuneration Tribunal of SA respectively and are payable from the Consolidated Account (via the Department of Treasury and Finance) under section 6 of the *Parliamentary Remuneration Act 1990*.

Transaction with key management personnel and other related parties

The OCPSE did not enter into any transactions with key management personnel or close family members during the reporting period.

Matthew O'Callaghan (President)

Deborah Ann Black

Peter De Cure

*In accordance with the Premier and Cabinet Circular No.016, government employees did not receive any remuneration for board/committee duties during the financial year.

**Indicates members who are not government employees and who are not receiving remuneration for their services.

Board and committee remuneration

The number of members whose remuneration received or receivable falls within the following bands:

	2022	2021
\$0 - \$19,999	8	13
\$20 000 - \$39 999	3	1
Total number of members	11	14

The total remuneration received or receivable by members for the year was \$95 000 (2021: \$89 000). Remuneration of members reflects all costs of performing board and committee member duties including sitting fees, superannuation contributions, salary sacrifice benefits and fringe benefits and any related fringe benefits tax paid.

Amounts paid to a superannuation plan for board/committee members was \$7 700 (2021: \$7 300).

Unless otherwise disclosed, transactions between members are on conditions no more favourable than those that it is reasonable to expect that the entity would have adopted, if dealing with the related party at arm's length in the same circumstances.

Board and committee fees	87	81
Other employee related expenses	198	234
Total employee benefits expenses	7 826	7 715

Employment on-costs – superannuation

The superannuation employment on-cost charge represents OCPSE's contributions to superannuation plans in respect of current services of current employees. The Department of Treasury and Finance centrally recognises the superannuation liability in the whole of government financial statements.

Remuneration of employees

The number of employees whose remuneration received or receivable falls within the following bands:

	2022	2021
	No.	No.
\$154 001 - \$157 000	N/A	-

3.3 Employee benefits expenses (continued)

Targeted voluntary separation packages

The number of employees who were paid a TVSP during the reporting period was 1 (1). The TVSPs paid in 2021 and 2022 were accrued in 2020-21.

	2022	2021
	\$'000	\$'000
Amounts paid to separated employees:		
Targeted voluntary separation packages	133	135
Leave paid to separated employees	77	75

Non-current		
Long service leave	1 185	1 317
Total non-current employee benefits	1 185	1 317
Total employee benefits	1 847	2 557

Employee benefits accrue as a result of services provided up to the reporting date that remain unpaid. Long-term employee benefits are measured at present value and short-term employee benefits are measured at nominal amounts.

Salaries and wages, annual leave, skills and experience retention leave (SERL) and sick leave

The liability for salary and wages is measured as the amount unpaid at the reporting date at remuneration rates current at reporting date.

The annual leave liability and the SERL liability in full is expected to be payable within 12 months and is measured at the undiscounted amount expected to be paid.

No provision has been made for sick leave as all sick leave is non-vesting and the average sick leave taken in future years by employees is estimated to be less than the annual entitlement for sick leave.

OFFICE OF THE COMMISSIONER FOR PUBLIC SECTOR EMPLOYMENT
Notes to and forming part of the financial statements
for the year ended 30 June 2022

3.4 Employee benefits liability (continued)

Long service leave liability - measurement

The liability for long service leave is measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method.

AASB 119 *Employee Benefits* (AASB 119) contains the calculation methodology for long service leave liability.

The actuarial assessment performed by DTF has provided a basis for the measurement of long service leave and is based on actuarial assumptions on expected future salary and wage levels, experience of employee departures and periods of service.

AASB 119 requires the use of the yield on long-term Commonwealth Government bonds as the discount rate in measurement of the long service liability. The yield on long-term Commonwealth Government bonds has changed from 2021 1.25% to 3.5%.

The net financial effect of the changes to actuarial assumptions in the current financial year is a decrease in the long service leave liability of \$192 000 employee benefits expense of \$192 000. The impact on future periods is impracticable to estimate as the long service leave liability is calculated using a number of demographical and financial assumptions – including the long-term discount rate.

The actuarial assessment performed by DTF left the salary inflation rate at 2.5% for long service leave liability.

4. Expenses

* Includes audit fees paid/payable to the Auditor-General's Department relating to work performed under the *Public Finance Audit Act 1987* of \$101 000 (\$99 000). No other services were provided by the Auditor-General's Department.

Accommodation

All of the OCPSE's accommodation is provided by the Department for Infrastructure and Transport (DIT) under Memoranda of Administrative Arrangement (MoAA) issued in accordance with Government-wide accommodation policies. These arrangements do not meet the definition of a lease and accordingly are expensed (included in Accommodation).

Employment on-costs	114	124
Total non-current payables	<u>114</u>	<u>124</u>
Total payables	<u><u>1 029</u></u>	<u><u>1 602</u></u>

Payables are measured at nominal amounts.

Payables and accruals are raised for all amounts owing but unpaid. Sundry payables are normally settled within 30 days from the date the invoice is first received. All payables are non-interest bearing. The carrying amount of payables represents fair value due to their short-term nature.

Employment on-costs

Employment on-costs include payroll tax and superannuation contributions and are settled when the respective employee benefits that they relate to is discharged.

OCPSE makes contributions to several State Government and externally managed superannuation schemes. These contributions are treated as an expense when they occur. There is no liability for payments to beneficiaries as they have been assumed by the respective superannuation schemes. The only liability outstanding at reporting date relates to any contributions due but not yet paid to Superannuation Schemes.

As a result of an actuarial assessment performed by DTF, the portion of long service leave taken as leave has remain unchanged from the 2021 rate (42%) and the average factor for the calculation of employer superannuation on-costs has changed from the 2021 rate 10.1% to 10.6%. These rates are used in the employment on-cost calculation. The net financial effect of the changes in the current financial year is immaterial.

6.2. Provisions

	2022 \$'000	2021 \$'000
Reconciliation of workers compensation (statutory and non-statutory)		
Carrying amount at the beginning of the period	65	56
Increase (decrease) in provision due to revision of estimates	(5)	12
Reductions resulting from payments	(7)	(3)
Carrying amount at the end of the period	53	65

OCPSE is responsible for the payment of workers compensation claims.

OCPSE is an exempt employer under the *Return to Work Act 2014*. Under a scheme arrangement, OCPSE is responsible for the management of workers rehabilitation and compensation and is directly responsible for meeting the cost of workers' compensation claims and the implementation and funding of preventive programs.

Accordingly, a liability has been reported to reflect unsettled workers compensation claims (statutory and additional compensation schemes).

The workers compensation provision is based on an actuarial assessment of the outstanding liability as at 30 June 2022 provided by a consulting actuary engaged through the Office of the Commissioner of Public Sector Employment.

The additional compensation scheme provides continuing benefits to workers who have suffered eligible work-related injuries and whose entitlements have ceased under the statutory workers compensation scheme. Eligible injuries are nonserious injuries sustained in circumstances which involved, or appeared to involve, the commission of a criminal offence, or which arose from a dangerous situation.

There is a significant degree of uncertainty associated with estimating future claim and expense payments and also around the timing of future payments due to the variety of factors involved. The liability is impacted by agency claim experience relative to other agencies, average claim sizes and other economic and actuarial assumptions.

In addition to these uncertainties, the additional compensation scheme is impacted by the limited claims history and the evolving nature of the interpretation of, and evidence required to meeting, eligibility criteria. Given these uncertainties, the actual cost of additional compensation claims may differ materially from the estimate.

7.2. Contingent assets and liabilities

South Australian Government Salary Sacrifice Agreement

In March 2012, the government entered into a salary sacrificing agreement with Maxxia Pty Ltd. The agreement allows the Minister or his delegate to withdraw up to a total of \$10 million when an unconditional financial undertaking is present to fund any interim measures to avoid disruption to the salary sacrifice arrangements provided to employees. The financial undertaking is in place until 30 June 2024.

No other contingent assets and liabilities have been identified in the business.

7.3. Events after the reporting period

The OCPSE is not aware of any after balance date events.

8. Measurement and risk

8.1. Financial instruments

Financial risk management

Risk management is managed by the OCPSE's corporate services section. The Office risk management policies are in accordance with the *SA Government Risk Management Guide* and the principles established in the Australian Standard *Risk Management Principles and Guidelines*.

The OCPSE's exposure to financial risk (liquidity risk, credit risk and market risk) is low due to the nature of the financial instruments held.

Liquidity risk

OCPSE is funded principally from appropriation by the SA Government. OCPSE works with DTF to determine the cash flows associated with its Government approved program of work and to ensure funding is provided through SA Government budgetary processes to meet the expected cash flows.

Refer to note 6.1 for further information.
