## To the Presiding Member Outback Communities Authority

### Opinion

I have audited the financial report of Outback Communities Authority for the financial year ended 30 June 2022.

In my opinion, the accompanying financial report gives a true and fair view of the financial position of the Outback Communities Authority as at 30 June 2022, its financial performance and its cash flows for the year then ended in accordance with relevant Treasurer's Instructions issued under the provisions of the *Public Finance and Audit Act 1987* and Australian Accounting Standards – Simplified Reporting Requirements.

The financial report comprises:

- a Statement of Comprehensive Income for the year ended 30 June 2022
- a Statement of Financial Position as at 30 June 2022
- a Statement of Changes in Equity for the year ended 30 June 2022
- a Statement of Cash Flows for the year ended 30 June 2022
- notes, comprising material accounting policies and other explanatory information
- a Certificate from the Presiding Member and the Director.

### Basis for opinion

I conducted the audit in accordance with the *Public Finance and Audit Act 1987* and Australian Auditing Standards. My responsibilities under those standards are further described in the 'Auditor's responsibilities for the audit of the financial report' section of my report. I am independent of Outback Communities Authority. The *Public Finance and Audit Act 1987* establishes the independence of the Auditor-General. In conducting the audit, the relevant ethical requirements of APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* have been met.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

## **Responsibilities of the Director and Members of the Outback Communities Authority for the financial report**

The Director is responsible for the preparation of the financial report that gives a true and fair view in accordance with relevant Treasurer's Instructions issued under the provisions of the *Public Finance and Audit Act 1987* and the Australian Accounting Standards – Simplified Reporting Requirements and for such internal control as management determines is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the Director is responsible for assessing the entity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the assessment indicates that it is not appropriate.

The members of the Authority are responsible for overseeing the entity's financial reporting process.

### **Auditor's responsibilities for the audit of the financial report**

As required by section 31(1)(b) of the *Public Finance and Audit Act 1987*, I have audited the financial report of Outback Communities Authority for the financial year ended 30 June 2022.

My objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with Australian Auditing Standards, I exercise professional judgement and maintain professional scepticism throughout the audit. I also:

- identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Outback Communities Authority's internal control

- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Director
- conclude on the appropriateness of the Director's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify the opinion. My conclusion is based on the audit evidence obtained up to the date of the auditor's report. However, future events or conditions may cause an entity to cease to continue as a going concern
- evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

My report refers only to the financial report described above and does not provide assurance over the integrity of electronic publication by the entity on any website nor does it provide an opinion on other information which may have been hyperlinked to/from the report.

I communicate with the Director and Presiding Member about, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during the audit.

## **Notes to and forming part of the financial statements**

### *for the year ended 30 June 2022*

#### **1. About the Outback Communities Authority**

The Outback Communities Authority (the Authority) is a not-for-profit entity established and empowered by the *Outback Communities (Administration and Management) Act 2009* (the Act), which is within the portfolio responsibilities of the Minister for Local Government (Minister for Planning and Local Government until 24 March 2022). The Act also defines the areas of the State to which its provisions apply, sets out the Authority's powers and functions and makes provision for the support staff. It also enables specific provisions of the *Local Government Act 1999* to be applied by regulation to part, or all, of the Authority's area.

The Act further requires the yearly statement of accounts of the Authority to be audited by the Auditor-General and that the Authority provides an annual report to the State Parliament.

The Authority does not control any other entity and has no interests in unconsolidated structured entities. The Authority has not entered into any contractual arrangements which involve the sharing of control or significant influence over another entity.

#### **1.1. Basis of Preparation**

The Authority has prepared these general purpose financial statements in compliance with:

- section 23 of the *Public Finance and Audit Act 1987*;
- Treasurer's Instructions and Accounting Policy Statements issued by the Treasurer under the *Public Finance and Audit Act 1987*; and
- relevant Australian Accounting Standards applying simplified disclosures.

These are the first financial statements prepared in accordance with Australian Accounting Standards – Simplified Disclosures. In the prior year, the financial statements were prepared in accordance with Australian Accounting Standards – Reduced Disclosure Requirements. There has been no impact on the recognition and measurement of amounts recognised in the statements of financial position, profit and loss and other comprehensive income and cash flows of the Authority as a result of the change in the basis of preparation

The financial statements have been prepared based on a 12 month reporting period and presented in Australian currency. All amounts in the financial statements and accompanying notes have been rounded to the nearest thousand dollars \$'000. The historical cost convention is used unless another measurement basis is specifically disclosed in the notes associated with the item measured.

Assets and liabilities that are to be sold, consumed or realised as part of the normal operating cycle have been classified as current assets or current liabilities. All other assets and liabilities are classified as non-current.

Significant accounting policies are set out throughout the notes.

Income, expenses and assets are recognised net of the amount of Goods and Services Tax (GST) except:

- when the GST incurred on a purchase of goods or services is not recoverable from the Australian Taxation Office (ATO), in which case the GST is recognised as part of the cost of acquisition of the asset or as part of the expense item applicable.
- receivables and payables which are stated with the amount of GST included.

The net amount of the GST receivable/payable to the ATO is not recognised as a receivable/payable in the Statement of Financial Position as the Authority is a member of an approved GST group of which the Attorney-General's Department is responsible for the remittance and collection of GST.

**1.2. Objectives and programs**

The functions of the Outback Communities Authority (the Authority) are:

- to manage the provision of public services and facilities to outback communities;
- to promote improvements in the provision of public services and facilities to outback communities; and
- to articulate the views, interests and aspirations of outback communities.

In performing its functions the Authority is to:

- foster and support the provision of public services and facilities to outback communities by community organisations, including by making grants and loans to such organisations;
- consider long-term requirements for maintenance, replacement and development of infrastructure for public services and facilities for outback communities;
- consider State and national objectives and strategies that are relevant to outback communities;
- seek ongoing collaboration with local, State and national governments in the planning and delivery of public services and facilities to outback communities;
- ensure that there are systems in place to further its understanding of the views, interests and aspirations of outback communities;
- facilitate decision making by others on a basis that is well informed in relation to the views, interests and aspirations of outback communities, including by participating in appropriate local, State and national forums; and
- provide services with a high level of efficiency and effectiveness, manage resources effectively, prudently and in a fully accountable manner, and maintain and enhance the value of public assets.

**1.3. Impact of COVID-19 pandemic**

The COVID-19 pandemic has had no material impact on the operations of the Authority in 2021-22. At this stage, there is insufficient information to determine whether the COVID-19 pandemic will have a material impact on the operations of the Authority in 2022-23. The Authority will continue to assess the impact of the COVID-19 pandemic on their operations in 2022-23.

Outback Water Stations	-	148
Northern Flinders Ranges Pastoral Business Review	100	100
<b>Total Commonwealth sourced funding</b>	<b>3 164</b>	<b>3 945</b>

Financial Assistance Grants are recognised as income on receipt. Obligations under Commonwealth-sourced grants and funding are required to be met by the State of South Australia.

All revenue from Commonwealth Grant Funding with sufficient performance obligations is revenue recognised from contracts with customers.

The Authority recognises revenue (contracts with customers) from the following major sources:

*Local Roads and Communities Programme Extension*

Local Roads and Community Infrastructure Programme supports local councils to deliver priority local road and community infrastructure projects across Australia. In the Outback areas within South Australia funding has been received to complete projects enhancing local community facilities. Revenue is recognised when specific milestones in the agreement are reached.

*Drought Communities Programme Extension*

Funding received from the Commonwealth's Drought Communities Programme Extension is for drought relief projects in areas impacted by drought. The agreement states that an initial payment is received in advance and then the remaining funding is received based on agreed outcomes. Revenue is recognised when specific milestones in the agreement are reached.

**3. Board, committees and employees**

**3.1. Key Management Personnel**

Key management personnel of the Authority include the Minister for Local Government (Minister for Planning and Local Government until 24 March 2022), the seven board members and the Director who have responsibility for the strategic direction and management of the Authority.

The total compensation for the Authority's key management personnel was \$283 896 (\$248 800). This compensation excludes salaries and other benefits the Minister receives. The Minister's remuneration and allowances are set by the *Parliamentary Remuneration Act 1990* and the Remuneration Tribunal of SA respectively and are payable from the Consolidated Account under section 6 of the *Parliamentary Remuneration Act 1990*.

**Transactions with key management personnel and other related parties**

A board member is an owner of Wrightsair, a transport company. During the year, the Authority engaged Wrightsair for services in relation to the Outback Futures Project on normal commercial terms and conditions totalling \$25,000. As at year end, there are no amounts outstanding. The board member did not take part in any decisions relating to the engagement of Wrightsair.

**3.2. Board and Committee Members**

Members of the Outback Communities Authority during the financial year 2022 were:

Frahn F L W (expired 30/06/2022)  
Fort J (expired 30/06/2022)  
Johnson S C  
McIntosh W R (Presiding member) (expired 30/06/2022)

Long service leave	238	262
<b>Total non-current employee benefits</b>	<b>238</b>	<b>262</b>
<b>Total employee benefits</b>	<b>394</b>	<b>572</b>

Long term employee benefits are measured at present value and short-term employee benefits are measured at nominal amounts.

**Long service leave**

The liability for long service leave is measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of reporting period using the projected unit credit method. The expected timing and amount of long service leave payments is determined through whole-of-government actuarial calculations, which is then applied to the authority's employee details. Key assumptions include whether the characteristics of employee remuneration, terms of service with the public sector, and expectations as to when employees take long service leave, as established by the actuary, are applicable to employees of the authority. These assumptions affect both the expected amount to be paid that has been factored into the calculation of the liability. The discount rate used in measuring the liability is another key assumption. The discount rate is reflective of long-term Commonwealth Government bonds. The yield on long term Commonwealth Government bonds has increased from 1.25% (2021) to 3.5% (2022).

This increase in the bond yield results in a decrease in the reported long service leave liability.

The unconditional portion of the long service leave provision is classified as current as the authority does not have an unconditional right to defer settlement of the liability for at least 12 months after reporting date. The unconditional portion of long service leave relates to an unconditional legal entitlement to payment after 10 years of service.

Current long service leave reflects the portion of leave based on Attorney Generals rate which reflects the portion of leave expected to be settled within the next 12 months, base on the previous year's leave taken.

**5. Non-financial assets**

**5.1. Property, plant and equipment**

Property, plant and equipment comprise tangible assets owned and right-of-use (leased) assets.

All non-current assets with a value of \$10 000 or greater are capitalised, otherwise it is expensed.

Property, plant and equipment is recorded at fair value. Detail about the Authority's approach to fair value is set out in note 9.1

**Depreciation and Amortisation**

All non-current assets not held for sale with a limited useful life are systematically depreciated over their useful lives in a manner that reflects the consumption of their service potential.

**Useful Life**

Depreciation is calculated on a straight-line basis. Property, plant and equipment assets depreciation are calculated over the estimated useful life as follows:

<b>Class of asset</b>	<b>Useful life (years)</b>
Buildings and infrastructure	4 - 100
Water, sewerage and drainage	25 - 87
Plant and equipment	2 - 48
Right-of-use vehicles	1 – 2

**Review of accounting estimates**

Assets' residual values, useful lives and amortisation methods are reviewed and adjusted, if appropriate, on an annual basis. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are accounted for prospectively by changing the time period or method, as appropriate.

**Impairment**

There were no indications of impairment of property, plant and equipment and infrastructure assets at 30 June 2022.

Revaluation of property, plant and equipment is undertaken on a regular cycle. If at any time management considers that the carrying amount of an asset materially differs from its fair value, then the asset will be revalued regardless of when the last valuation took place.

**5.2. Property, plant and equipment leased by the Authority**

Right-of-use assets leased by the Authority as lessee are measured at cost and there are no indications of impairment.

Short-term leases of 12 months or less and low value leases where the underlying asset value is less than \$15,000 are not recognised as right-of-use assets.

The Authority has a limited number of leases:

- 2 motor vehicle leases with the South Australian Government Financing Authority (SAFA). Motor vehicle leases are non-cancellable, with rental payments monthly in arrears. Motor vehicle lease terms can range from 3 years (60,000km) up to 5 years (100,000km). No variable lease payments are provided for in the lease agreements and no options exist to renew the leases at the end of their term.

The measurement of and the maturity analysis associated with lease liabilities are disclosed in note 7.2. Depreciation expenses related to the leases is disclosed in note 5.1. Cash outflows related to leases are disclosed in note 7.2.

**6. Financial assets**

**6.1. Cash**

	<b>2022</b>	<b>2021</b>
	<b>\$'000</b>	<b>\$'000</b>
Deposits with the Department of Treasury and Finance	3 581	2 823
<b>Total cash and cash equivalents</b>	<b>3 581</b>	<b>2 823</b>

Cash is measured at nominal amounts.

**6.2. Receivables**

	<b>2022</b>	<b>2021</b>
	<b>\$'000</b>	<b>\$'000</b>
<b>Current</b>		
Accrued revenues	638	577
Prepayments	104	89
Receivables	103	229
Less impairment loss on receivables	(7)	(4)
<b>Total current receivables</b>	<b>838</b>	<b>891</b>

Receivables arise in the normal course of selling goods and services to other government agencies and to the public. Receivables are normally settled within 30 days after the issue of an invoice, or the goods/services have been provided under a contractual arrangement. Receivables, prepayments and accrued revenues are non-interest bearing. Receivables are held with the objective of collecting contractual cash flows and they are measured at amortised cost.

Collectability of receivables is reviewed on an ongoing basis.

**6.2. Receivables (continued)**

Allowance for impairment loss on receivables

	2022 \$'000	2021 \$'000
<i>Carrying amount at the beginning of the period</i>	4	4
Increase/(decrease) in allowance recognised in profit or loss	3	-
<b>Carrying amount at the end of the period</b>	<b>7</b>	<b>4</b>

**6.3. Contract assets**

<b>Current</b>		
Contract assets - current	-	1 220
<b>Total current contract assets</b>	<b>-</b>	<b>1 220</b>

Contract assets relate to the Authority's rights to consideration for work completed but not yet billed at the reporting date on the Local Roads and Community Infrastructure Program. Amounts are billed in accordance with agreed upon contractual terms (i.e. periodic intervals). Contract assets are transferred to receivables when the rights become unconditional. Based on assessment of historical invoice billing and collection data, the Authority did not recognise a loss allowance for contract assets in accordance with AASB 9.

**7. Liabilities**

**7.1. Payables**

	<b>2022</b>	<b>2021</b>
	<b>\$'000</b>	<b>\$'000</b>
<b>Current</b>		
Accrued expenses	245	219
Creditors	200	624
Employment on-costs	24	39
<b>Total current payables</b>	<b>469</b>	<b>882</b>
<b>Non-current</b>		
Employment on-costs	24	25
<b>Total non-current payables</b>	<b>24</b>	<b>25</b>
<b>Total payables</b>	<b>493</b>	<b>907</b>

Accruals are raised for all amounts owing but unpaid and are normally settled within 30 days from the date the invoice is first received. All payables are non-interest bearing. The carrying amount of payables represents fair value due to their short term nature.

**Employment on-costs**

Employment on-costs include payroll tax and superannuation contributions and are settled when the respective employee benefits that they relate to are discharged. The Authority makes contributions to several State Government and externally managed superannuation schemes. These contributions are treated as an expense when they occur. There is no liability for payments to beneficiaries as they have been assumed by the respective superannuation schemes. The only payable outstanding at reporting date relates to any contributions due but not yet paid.

The Authority makes contributions to several State Government and externally managed superannuation schemes. These contributions are treated as an expense when they occur. There is no liability for payments for beneficiaries as they have been assumed by the respective superannuation schemes. The only liability outstanding at reporting date relates to contributions due but not yet paid to the superannuation scheme managers.

As a result of an actuarial assessment performed by DTF, the portion of long service leave taken as leave has remained the same at 42%, and the average factor for the calculation of employer superannuation contribution on-costs has increased to 10.6% (10.1%). These rates are used in the employment on-cost calculation. The net financial effect of the changes in the current financial year is a decrease in the employment on-cost and employee benefits expense. This decrease was immaterial and the estimated impact on 2022 is not expected to be material.

**7.2. Lease liabilities**

A maturity analysis of lease liabilities based on undiscounted gross cash flows is reported in the table below:

	<b>2022</b>	<b>2021</b>
	<b>\$'000</b>	<b>\$'000</b>
<b>Lease liabilities</b>		
within 1 year	10	23
1 to 3 years	2	12
<b>Total lease liabilities</b>	<b>12</b>	<b>35</b>

Lease liabilities have been measured via discounting lease payments using either the interest rate implicit in the lease (where it is readily determined) or Treasury's incremental borrowing rate. There were no defaults or breaches on any of the above liabilities throughout the year. The borrowing costs associated with these lease liabilities was nil (2021: nil).

**Outback Communities Authority**  
**Notes to and forming part of the financial statements**  
*for the year ended 30 June 2022*

Total cash outflows for lease for \$23 000 (2021: \$16 000). All material cash outflows are reflected in the lease liabilities disclosed above.

**8. Outlook**

**8.1. Unrecognised contractual commitments**

Commitments include capital and outsourcing arrangements arising from contractual or statutory sources and are disclosed at their nominal value (net of GST).

**Capital commitments**

Capital expenditure contracted for at the reporting date but not recognised as liabilities in the financial report, are payable as follows:

	<b>2022</b>	<b>2021</b>
	<b>\$'000</b>	<b>\$'000</b>
Within one year	15	-
<b>Total capital Commitments</b>	<b>15</b>	<b>-</b>

**Expenditure commitments**

Commitments for the payment of maintenance and other service contracts at the reporting date but not recognised as payables in the financial statements are payable as follows:

	<b>2022</b>	<b>2021</b>
	<b>\$'000</b>	<b>\$'000</b>
Within one year	583	500
Later than one year but not longer than five years	202	237
Later than five years	199	256
<b>Total expenditure commitments</b>	<b>984</b>	<b>993</b>

Expenditure commitments relate to commitments arising from other service contracts, accommodation and grant funding

**8.2. Contingent assets and contingent liabilities**

The Authority is not aware of any contingent assets or liabilities as at 30 June 2022.

**8.3. Events after balance date**

The Authority will transfer from Attorney-Generals Department to the Department of Infrastructure and Transport effective 1 July 2022.

## **9. Measurement and Risk**

### **9.1. Fair value**

AASB 13 *Fair Value Measurement* defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants, in the principal or most advantageous market, at the measurement date.

#### **Initial recognition**

Non-current tangible assets are initially recorded at cost or at the value of any liabilities assumed, plus any incidental cost involved with the acquisition. Where assets are acquired at no value, or minimal value, they are recorded at fair value in the Statement of Financial Position. However, if the assets are acquired at no or nominal value as part of a restructure of administrative arrangements then the assets are recognised at book value i.e. the amount recorded by the transferor public authority immediately prior to the restructure.

#### **Revaluation**

Property, plant and equipment, other than right of use asset is subsequently measured at fair value after allowing for accumulated depreciation.

An independent valuation of assets including land, buildings and infrastructure and water and sewerage assets were valued by the Valuer-General as at 1 July 2017. Land is valued using market approach, and buildings and facilities is valued using replacement cost approach due to not being an active market. The valuation was based on a combination of internal records, specialised knowledge and acquisition/transfer costs. No asset classes were revalued in 2021-22.

Non-current tangible assets are valued at fair value and revaluation of non-current assets or a group of assets is only performed when the fair value at the time of acquisition is greater than \$1.5 million and estimated useful life is greater than three years.

Every six years, the Authority revalues its land, buildings and infrastructure and water and sewerage assets. If at any time management considers that the carrying amount of an asset materially differs from its fair value, then the asset will be revalued regardless of when the last valuation took place. Non-current tangible assets that are acquired between revaluations are held at cost until the next valuation, where they are revalued to fair value.

Any accumulated depreciation as at the revaluation date is eliminated against the gross carrying amounts of the assets and the net amounts are restated to the revalued amounts of the asset.

### **9.2. Financial instruments**

#### ***Financial risk management***

Risk management is managed by the Authority's corporate services section and Authority risk management policies are in accordance with the *SA Government Risk Management Guide* and the principles established in the *Australian Standard Risk Management Principles and Guidelines*.

The Authority's exposure to financial risk (liquidity, credit and market) is low due to the nature of the financial instruments held.

#### ***Liquidity risk***

The Authority is funded mainly from a Federal Government Financial Assistance Grant and Revenues from SA Government. The Authority works with DTF to determine the cash flows associated with its Ministerial approved program of work and to ensure funding is provided through SA Government budgetary processes to meet the expected cash flows.

There have been no changes in risk exposure since the last reporting period.

All financial assets and liabilities are measured at amortised cost and are current for 2022.
