To the Chief Executive Office of the Commissioner for Public Sector Employment

Opinion

I have audited the financial report of the Office of the Commissioner for Public Sector Employment for the financial year ended 30 June 2025.

In my opinion, the accompanying financial report gives a true and fair view of the financial position of the Office of the Commissioner for Public Sector Employment as at 30 June 2025, its financial performance and its cash flows for year then ended in accordance with relevant Treasurer's Instructions issued under the provisions of the *Public Finance and Audit Act 1987* and Australian Accounting Standards – Simplified Disclosures.

The financial report comprises:

- a Statement of Comprehensive Income for the year ended 30 June 2025
- a Statement of Financial Position as at 30 June 2025
- a Statement of Changes in Equity for the year ended 30 June 2025
- a Statement of Cash Flows for the year ended 30 June 2025
- notes, comprising material accounting policy information and other explanatory information
- a Certificate from the Chief Executive and the Director, Finance and Procurement, Department of the Premier and Cabinet.

Basis for opinion

I conducted the audit in accordance with the *Public Finance and Audit Act 1987* and Australian Auditing Standards. My responsibilities under those standards are further described in the 'Auditor's responsibilities for the audit of the financial report' section of my report. I am independent of the Office of the Commissioner for Public Sector Employment. The *Public Finance and Audit Act 1987* establishes the independence of the Auditor-General. In conducting the audit, the relevant ethical requirements of APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* have been met.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Responsibilities of the Chief Executive for the financial report

The Chief Executive is responsible for the preparation of the financial report that gives a true and fair view in accordance with relevant Treasurer's Instructions issued under the provisions of the *Public Finance and Audit Act 1987* and Australian Accounting Standards – Simplified Disclosures, and for such internal control as management determines is necessary to enable the preparation of the financial report that gives a true and fair view and that is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the Chief Executive is responsible for assessing the entity's ability to continue as a going concern, taking into account any policy or funding decisions the government has made which affect the continued existence of the entity. The Chief Executive is also responsible for disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the assessment indicates that it is not appropriate.

Auditor's responsibilities for the audit of the financial report

As required by section 31(1)(b) of the *Public Finance and Audit Act 1987*, I have audited the financial report of the Office of the Commissioner for Public Sector Employment for the financial year ended 30 June 2025.

My objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with Australian Auditing Standards, I exercise professional judgement and maintain professional scepticism throughout the audit. I also:

- identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control

- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Office of the Commissioner for Public Sector Employment's internal control
- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Chief Executive
- conclude on the appropriateness of the Chief Executive's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify the opinion. My conclusion is based on the audit evidence obtained up to the date of the auditor's report. However, future events or conditions may cause an entity to cease to continue as a going concern
- evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

My report refers only to the financial report described above and does not provide assurance over the integrity of electronic publication by the entity on any website nor does it provide an opinion on other information which may have been hyperlinked to/from the report.

I communicate with the Chief Executive about, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during the audit.

OFFICE OF THE COMMISSIONER FOR PUBLIC SECTOR EMPLOYMENT

Notes to and forming part of financial statements

for the year ended 30 June 2025

1. About the Office of the Commissioner for Public Sector Employment

The Office of the Commissioner for Public Sector Employment (OCPSE) works to unlock the potential of the public sector so it is an employer of choice that delivers the best outcomes for the South Australian community. Its role is to optimise the workforce, transform, innovate and reform.

The OCPSE was established pursuant to the *Public Sector Act 2009* and became an attached office of the Attorney-General's Department from 24 March 2022. OCPSE became an attached office to the Department of the Premier and Cabinet (DPC) from 1 July 2024.

The OCPSE is a not-for-profit administrative unit acting on behalf of the Crown. It does not control any other entity and has no interests in unconsolidated structured entities.

The financial statements and accompanying notes include all the controlled activities of OCPSE.

1.1. Basis of preparation

The financial statements are general purpose financial statements prepared in compliance with:

- section 23 of the *Public Finance and Audit Act 1987*;
- Treasurer's Instructions and Accounting Policy Statements issued by the Treasurer under the *Public Finance and Audit Act 1987*; and
- relevant Australian Accounting Standards applying simplified disclosures.

The financial statements are prepared based on a 12-month reporting period and presented in Australian currency. All amounts in the financial statements and accompanying notes have been rounded to the nearest thousand dollars (\$'000). The historical cost convention is used unless a different measurement basis is specifically disclosed in the note associated with the item measured.

Assets and liabilities that are sold, consumed or realised as part of the normal 12-month operating cycle have been classified as current assets or current liabilities. All other assets and liabilities are classified as non-current.

Material accounting policies are described throughout the notes.

Cash flows are exclusive of Goods and Services Tax (GST). The GST component of cash flows which is recoverable from, or payable to, the Australian Taxation Office (ATO) is classified as part of operating cash flows of DPC, not OCPSE.

1.2. Objectives and programs

OCPSE's objectives are to support the Commissioner for Public Sector Employment to undertake the statutory responsibilities under the *Public Sector Act 2009*, strengthen the capability of the public sector workforce to meet current and future needs and promote a culture of service and integrity across the public sector.

OCPSE provides the following programs for the South Australian Public Sector:

- Governance and advice – to support the Commissioner to fulfil the statutory requirements outlined in *the Public Sector Act 2009*
- HR Systems Transformation – to support the implementation of a HR systems capability to improve the efficiency and effectiveness of all employees across the SA Government
- Work, Health, Safety and Injury Management – to develop strategies to support agencies to achieve Work Health and Safety and Injury Management excellence across the sector
- South Australian Leadership Academy – to develop high performing and strategic leaders across the SA Government
- Performance management and development – to improve public sector performance through effective performance management and development
- Workforce Transition Unit – to provide case management services for SA Government employees impacted by reforms taking place across the Sector
- Employment Programs – to increase the employment opportunities across the sector for graduates, trainees, people from an Aboriginal or Torres Strait Islander background, and people with disabilities
- People Matter Survey – to obtain and act on SA Government employees' feedback in relation to their work environment
- Employer Of Choice Program – to facilitate access to the salary sacrifice benefits available to all SA Government employees associated with current Commonwealth Legislation.

2. Committees and employees

2.1. Key management personnel

Key management personnel of the OCPSE include the Attorney-General, the Commissioner and two senior officers who have responsibility for the strategic direction and management of the OCPSE.

The total compensation for key management personnel was \$0.912 million in 2025 (2024: \$0.840 million).

The compensation disclosed in this note excludes salaries and other benefits received by the Attorney-General. The Attorney-General's remuneration and allowances are set by the *Parliamentary Remuneration Act 1990* and the Remuneration Tribunal of SA respectively and are payable from the Consolidated Account (via DTF) under section 6 of the *Parliamentary Remuneration Act 1990*.

Transaction with key management personnel and other related parties

The OCPSE did not enter into any transactions with key management personnel or close family members during the reporting period.

2.2. Committee members

Members during the 2024-25 financial year were:

Remuneration Tribunal of South Australia

Matthew O'Callaghan (President)

Donny Walford

Mark Young

Committee remuneration

The number of members whose remuneration received or receivable falls within the following bands:

Review of accounting estimates Capitalisation, depreciation and useful life

Property, plant and equipment owned by OCPSE with a value equal to or in excess of \$10 000 is capitalised, otherwise it is expensed.

Depreciation is calculated on a straight-line basis. Buildings and improvements depreciation is calculated over the remaining estimated useful life of these assets being 1-5 years.

Assets' residual values, useful lives and depreciation methods are reviewed and adjusted if appropriate on an annual basis. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are accounted for prospectively by changing the time period or method, as appropriate.

Property, plant and equipment owned by OCPSE

Owned property, plant and equipment is subsequently measured at fair value. Any accumulated depreciation as at the revaluation date is eliminated against the gross carrying amounts of the assets and the net amounts are restated to the revalued amounts of the asset.

Revaluation of buildings and improvements

Revaluation of buildings and improvements is undertaken on a regular cycle and is revalued at least every six years. However, if at any time management considers that the carrying amount of an asset materially differs from its fair value then the asset will be revalued regardless of when the last valuation took place.

A site valuation of leasehold improvements was conducted by certified valuers Liquid Pacific Asset Consultants as at 30 June 2025.

OFFICE OF THE COMMISSIONER FOR PUBLIC SECTOR EMPLOYMENT
Notes to and forming part of financial statements
for the year ended 30 June 2025

6.3. Employee related liabilities (continued)

Long service leave

Long service leave liability is measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The expected timing and amount of long service leave payments are determined through whole-of-government actuarial calculations, which are based on actuarial assumptions on expected future salary and wage levels, experience of employee departures and periods of service. These assumptions are based on employee data over SA Government entities. The discount rate is reflective of the yield on long-term Commonwealth Government bonds. The yield on long-term Commonwealth Government bonds remained unchanged at 4.25% (2024: 4.25%).

The net financial effect of the changes to the actuarial assumption in the current financial year is nil.

The salary inflation rate applied in the actuarial assessment performed by DTF for the long service leave liability has remained unchanged at 3.5% (2024: 3.5%).

The current portion of long service leave reflects DPC's 5-year average experience of long service leave which is expected to continue in the future.

Employment on-costs

Employment on-costs liabilities include payroll tax and superannuation contributions that are settled when the respective employee related liabilities that they relate to are discharged. These on-costs liabilities primarily relate to the balance of leave owing to employees. The estimated proportion of long-service leave to be taken as leave, rather than to be paid on termination, affects the amount of on-costs liabilities recognised as a consequence of long service leave liabilities.

OCPSE makes contributions to several State Government and externally managed superannuation schemes. These contributions are treated as an expense when they occur. There is no liability for payments to beneficiaries as they have been assumed by the respective superannuation schemes. The only liability outstanding at reporting date relates to any contributions due but not yet paid to the superannuation schemes.

As a result of an actuarial assessment performed by DTF, the portion of long service leave taken as leave has remained unchanged at 44% (2024: 44%) and the average factor for the calculation of employer superannuation on-costs has increased to 12.0% (2024: 11.5%). These rates are used in the employment on-cost calculation. The net financial effect of the changes in the current financial year is an increase in employment on-costs of \$2 000 and employee related expense of \$2 000.

6.4. Provisions

	2025 \$'000	2024 \$'000
Reconciliation of workers compensation		
Carrying amount at the beginning of the period	51	53
Additions	55	-
Payments	-	(2)
Carrying amount at the end of the period	106	51

A provision has been reported to reflect unsettled workers compensation claims. The workers compensation provision is based on an actuarial assessment of the outstanding liability as at 30 June 2025 provided by a consulting actuary engaged by OCPSE. The provision is for the estimated cost of ongoing payments to employees as required under current legislation.

OCPSE is responsible for the payment of workers compensation claims.
