**To the Presiding Member  
Coast Protection Board**

### **Opinion**

I have audited the financial report of the Coast Protection Board for the financial year ended 30 June 2025.

In my opinion, the accompanying financial report gives a true and fair view of the financial position of the Coast Protection Board as at 30 June 2025, its financial performance and its cash flows for the year then ended in accordance with relevant Treasurer's Instructions issued under the provisions of the *Public Finance and Audit Act 1987* and Australian Accounting Standards – Simplified Disclosures.

The financial report comprises:

- a Statement of Comprehensive Income for the year ended 30 June 2025
- a Statement of Financial Position as at 30 June 2025
- a Statement of Changes in Equity for the year ended 30 June 2025
- a Statement of Cash Flows for the year ended 30 June 2025
- notes, comprising material accounting policy information and other explanatory information
- a Certificate from the Presiding Member, the Chief Executive and the Chief Financial Officer of the Department for Environment and Water.

### **Basis for opinion**

I conducted the audit in accordance with the *Public Finance and Audit Act 1987* and Australian Auditing Standards. My responsibilities under those standards are further described in the 'Auditor's responsibilities for the audit of the financial report' section of my report. I am independent of the Coast Protection Board. The *Public Finance and Audit Act 1987* establishes the independence of the Auditor-General. In conducting the audit, the relevant ethical requirements of APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* have been met.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

## **Responsibilities of the Chief Executive and Members of the Coast Protection Board for the financial report**

The Chief Executive is responsible for the preparation of the financial report that gives a true and fair view in accordance with relevant Treasurer's Instructions issued under the provisions of the *Public Finance and Audit Act 1987* and the Australian Accounting Standards – Simplified Disclosures, and for such internal control as management determines is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the Chief Executive is responsible for assessing the entity's ability to continue as a going concern, taking into account any policy or funding decisions the government has made which affect the continued existence of the entity. The Chief Executive is also responsible for disclosing, as applicable, matters related to going concern and using the going concern basis of accounting, unless the assessment indicates that it is not appropriate.

The Members of the Coast Protection Board are responsible for overseeing the entity's financial reporting process.

## **Auditor's responsibilities for the audit of the financial report**

As required by section 31(1)(b) of the *Public Finance and Audit Act 1987* and section 31(2) of the *Coast Protection Act 1972*, I have audited the financial report of the Coast Protection Board for the financial year ended 30 June 2025.

My objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with Australian Auditing Standards, I exercise professional judgement and maintain professional scepticism throughout the audit. I also:

- identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control

- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Coast Protection Board's internal control
- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Coast Protection Board
- conclude on the appropriateness of the Chief Executive's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify the opinion. My conclusion is based on the audit evidence obtained up to the date of the auditor's report. However, future events or conditions may cause an entity to cease to continue as a going concern
- evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

My report refers only to the financial report described above and does not provide assurance over the integrity of electronic publication by the entity on any website nor does it provide an opinion on other information which may have been hyperlinked to/from the report.

I communicate with the Presiding Member and the Chief Executive about, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during the audit.

**1. About the Coast Protection Board**

The Coast Protection Board (CPB) is a reporting entity established pursuant to section 6 of the *Coast Protection Act 1972* (the Act).

**1.1. Basis of preparation**

These financial statements are general purpose financial statements prepared in accordance with:

- section 23 of the Public Finance and Audit Act 1987;
- Treasurer's Instructions and Accounting Policy Statements issued by the Treasurer under the Public Finance and Audit Act 1987; and
- relevant Australian Accounting Standards applying simplified disclosures.

The financial statements have been prepared based on a 12 month period and presented in Australian currency. All amounts in the financial statements and accompanying notes have been rounded to the nearest thousand dollars (\$'000). The historical cost convention is used unless a different measurement basis is specifically disclosed in the note associated with the item measured.

Assets and liabilities that are to be sold, consumed or realised as part of the normal 12 month operating cycle have been classified as current assets or current liabilities. All other assets and liabilities are classified as non-current.

Material accounting policies are set out throughout the notes.

Income, expenses and assets are recognised net of the amount of GST except:

- when the GST incurred on a purchase of goods or services is not recoverable from the Australian Taxation Office (ATO), in which case GST is recognised as part of the cost of acquisition of the asset or as part of the expense item applicable
- receivables and payables, which are stated with the amount of GST included.

The CPB is grouped with the Department for Environment and Water (DEW) for GST purposes, and accordingly DEW prepares the Business Activity Statement on behalf of the CPB via the grouping provisions of the GST legislation. Notwithstanding the use of these grouping provisions, intercompany cash alignment occurs to ensure the CPB either recovers the net amount of GST recoverable from or disburses the amount payable to the ATO from DEW.

Cash flows are included in the Statement of Cash Flows on a gross basis. However, the GST components of cash flows arising from investing and financing activities are recoverable from, or payable to, the DEW are classified as operating cash flows.

**1.2. Objectives and programs**

The CPB was established under the Act to protect the coast from erosion, damage, deterioration, pollution and misuse; restore any part of the coast that has been subjected to erosion, damage, deterioration, pollution or misuse; develop any part of the coast aesthetically, or to improve it for those who use and enjoy it; manage, maintain and develop those coast facilities that the Board is responsible for; report to the Minister for Climate, Environment and Water where required; and carry out, or be involved in, research into the protection, restoration or development of the coast.

---

**1.2. Objectives and programs (continued)**

The major objectives of the CPB are to:

- Protect, conserve and, where necessary, restore the beaches and coast of the State. The CPB is concerned with understanding and mitigating coastal hazards, and conserving the biodiversity and integrity of the coast.
- Manage assets of the Board – the Board owns parcels of coastal land, purchased to further its duties under the Act.
- Advice and research:
  - a) The advisory role is a primary method to protect, conserve and restore the coast.
  - b) Research is directed towards understanding coastal ecosystem functioning, dynamics and processes in SA, and identifying and examining significant coastal protection and restoration issues.

In achieving its objectives, the CPB conducts its services through a single activity, Coast and Marine Conservation. The purpose of this activity is to ensure the conservation, protection and ongoing sustainable productivity of South Australia's coastal, estuarine and marine environments. As the CPB conducts its services through a single activity, a Statement of Income and Expenses by Program has not been prepared.

**Financial arrangements**

The financial activities of the CPB are administered through the Coast Protection Fund (the Fund) in accordance with the Act. The Fund is a non-interest-bearing Deposit Account pursuant to section 21(1) of the *Public Finance and Audit Act 1987*. The Fund's sources of revenue consist of revenue from SA Government together with income derived from development application fees and charges.

The CPB has no employees. The functions and activities required by the Act are performed by employees of DEW. These services are provided on a fee for service basis and are recognised in these financial statements.

**2. Board, committees and employees**

**2.1. Key management personnel**

Key management personnel of the CPB include the Minister for Climate, Environment and Water and the Board members.

Total compensation of key management personnel was \$18 000 (2024: \$22 000).

The compensation disclosed in this note excludes salaries and other benefits the Minister receives. The Minister's remuneration and allowances are set by the *Parliamentary Remuneration Act 1990* and the Remuneration Tribunal of SA respectively and are payable from the Consolidated Account under section 6 the *Parliamentary Remuneration Act 1990*.

***Transactions with key management personnel and other related parties***

Apart from the remuneration for key management personnel, and \$7 500 of professional consulting services provided by Jacqueline Balston & Associates to the Climate Science Advisory Committee, the CPB does not have material transactions with key management personnel, their close family members and/or their controlled or jointly controlled entities.

L Blacker

M Healy\*

**Climate Science Advisory Committee**

B M Gillanders

B Mitchell

G Miot da Silva

H Maier

J Balston

\* In accordance with the Premier and Cabinet's Circular No 016, government employees did not receive any remuneration for Board duties during the financial year.

***Board and committee remuneration***

The number of members whose remuneration received or receivable falls within the following bands:

	<b>2025</b>	<b>2024</b>
\$0	7	4
\$1 - \$19 999	6	7
\$20 000 - \$39 999	-	1
<b>Total number of members</b>	<b>13</b>	<b>12</b>

The total remuneration received or receivable by members was \$20 000 (2024: \$35 000). Remuneration of members includes sitting fees, super contributions, salary sacrifice benefits, fringe benefits and any related fringe benefits tax. A further \$1 000 (2024: \$2 000) in payroll tax expenses is recognised in 'Board member' expenses.

For the purposes of this table, board member on-costs have not been included as remuneration as they do not form part of remuneration received or receivable by the members.

Contractual receivables arise in the normal course of selling goods and services to other government agencies and to the public. Contractual receivables are normally settled within 15 days after the issue of an invoice or the goods/services have been provided under a contractual arrangement.

Statutory receivables do not arise from contracts with customers. They are recognised and measured similarly to contractual receivables but are not classified as financial instruments for disclosure purposes.

The net amount of GST recoverable from DEW is included as part of receivables. Receivables are non-interest bearing. Receivables are held with the objective of collecting the contractual cash flows and they are measured at amortised cost.

**5.3. Property, plant and equipment by asset class**

The assets presented below do not meet the definition of investment property.

Land with a value equal to or in excess of \$10 000 is capitalised, otherwise it is expensed. Land owned by the CPB is recorded at fair value. Detail about the Board's approach to fair value is set out in note 8.1.

**7. Outlook**

**7.1. Unrecognised contractual commitments**

The CPB had no unrecognised contractual commitments at 30 June 2025.

**7.2. Contingent assets and liabilities**

Contingent assets and contingent liabilities are not recognised in the Statement of Financial Position, but are disclosed by way of a note and, if quantifiable, are measured at nominal value.

The CPB is not aware of any contingent assets or contingent liabilities.

**7.3. Events after the reporting period**

There are no known events after balance date that affect these financial statements in a material manner.

**8. Measurement and risk**

**8.1. Fair value**

AASB 13 *Fair Value Measurement* defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants, in the principal or most advantageous market, at the measurement date.

*Initial recognition*

Non-current assets are initially recorded at cost or at the value of any liabilities assumed, plus any incidental cost involved with the acquisition.

Where assets are acquired at no value, or minimal value, they are recorded at fair value in the Statement of Financial Position. However, if the assets are acquired at no or nominal value as part of a restructuring of administrative arrangements then the assets are recognised at book value (that is the amount recorded by the transferor public authority prior to the restructure).

*Revaluation*

Non-current tangible assets are valued at fair value and revaluation of non-current assets or a group of assets is only performed when the fair value at the time of acquisition is greater than \$1.5 million and estimated useful life is greater than three years.

Every six years, the CPB revalues its land via an independent Certified Practising Valuer. If at any time management considers that the carrying amount of an asset materially differs from its fair value, then the asset will be revalued regardless of when the last valuation took place.

*Assets disclosed at independent valuation*

The CPB's land assets, comprising Crown land dedicated to the CPB or held by the Minister for Climate, Environment and Water on behalf of the CPB, were revalued as at 30 June 2024. The independent revaluation was undertaken by Certified Practicing Valuer, Mr Stuart Bruce-Gordon, Managing Advisory Valuer, AAPI CPV.

A market based method was used when by comparing property data to that of similar sales with consideration of restrictions on use and/ or zoning, property size and shape, topography, location, sale date and market movement, if any, and other relevant factors specific to the land being valued.
